

## Turbo Rotary Sprinkler

### Operating Instructions:

- A** Slide spray deflector to adjust spray diameter.
- B** Rotate yellow rings to select spray pattern from 20° to 360°.
- C** To connect sprinklers in a series, remove end cap and attach garden hose to built in hose connector.
- D** Fine mesh filter is easy to clean. Unscrew sprinkler head from spike, remove screen, rinse and return to original position.
